CURRENT SITUATION

**Situation Summary:** Currently, 1,325 firefighters remain on-scene with additional resources available should further need arise. Firefighters continue to perform spot checks throughout the burned areas to prevent any chance of rekindle with a change in the weather. Current objectives include looking for opportunities to further build containment lines. We continue to monitor the weather with single-digit relative humidity, high temperatures and a forecasted shift in the winds to a more westerly flow later this evening. Westerly wind shifts pose a challenge for our firefighters as they may change the potential for rekindle scenarios.

**Evacuations**

Los Angeles County Fire Department and the Los Angeles County Sheriffs Department are working together to identify areas that can be repopulated safely.

**AREAS REPOPULATED AS OF 5:00 P.M.:**
