

**COUNTY OF LOS ANGELES FIRE DEPARTMENT  
LIFEGUARD DIVISION  
JUNIOR LIFEGUARD PROGRAM**

March 25, 2020

Dear Junior Lifeguard Families,

Our first priority is the safety of our participants and the public. We continue to work closely with the Los Angeles County Fire Department Medical Director, the Centers for Disease Control and Prevention (CDC), the Health Department, and multiple school districts to develop recommendations for the department and our program.

- **\*\*UPDATE\*\*** In order to reduce the financial strain on our Junior Lifeguard families, we will postpone tuition fees for the time being. All Returning Junior Lifeguards with an enrollment will maintain their status.
- At this time, all New Junior Lifeguard Swim Test dates for the 2020 Junior Lifeguard Program have been postponed. All dates are to be determined (TBD), but, shall not occur prior to May 16th, 2020.
- Cadet & Surf Racing Team information night dates have been cancelled – we are actively working on an alternative method for getting this information out.

We will share more information with all of you as it becomes available via the website and email. Please visit our website [www.lacojgs.com](http://www.lacojgs.com) periodically for updates.

Thank you for your continued support of the Junior Lifeguard Program. We look forward to another great summer.

Regards,

Captain Patrick O'Neill  
Youth Programs Captain
